Re: Ex Parte Notification - WT Docket No. 02-55

Dear Ms. Dortch:

On behalf of the 800 MHz Transition Administrator ("TA"), I am attaching for filing in the above-referenced docket a copy of the revised "Independence Management Plan for 800 MHz Transition Administrator Team Members" ("Independence Management Plan") (Version 1.1). The Independence Management Plan describes the TA's approach to maintaining its independence and addressing any perceived or actual conflicts of interest that may arise in connection with the performance of its duties. The TA originally filed its Independence Management Plan on February 17, 2005. Attached to the Independence Management Plan is a revised "BearingPoint Special Implementation Plan for Nextel" ("SIP") (Version 1.1), the original version of which was filed with the Commission on January 24, 2005, and a BearingPoint Special Implementation Plan for Motorola.

Should there be any questions concerning the TA's Independence Management Plan, kindly contact this office.
